HOUSTON T. B. HOSPITAL

VOLUME 11 1956

JOHN R PHILLIPS .M.D.
CO - CHAIRMAN
BUS.CA7-9269 RES.JA9-0026

MRS. JOHN R. PHILLIPS R.N.
RECORDING SECRETARY
5806 BAYOU BEND, HOUSTON, TEXAS

HOUSTON TUBERCULOSIS HOSPITAL

MINUTES of the monthly Business Meeting, 4 January 1955.

A. The minutes of the last previous meeting were not read, having been mailed to individual members.

B. (Dr. Karotkin, Chairman, Credentials Committee) A list of active members was presented, as reflected by the records since 1949 and adopted. The list (attached) will be presented to the Hospital Board for re-election at its next meeting.

C. (Dr. Kilgore) The Staff was asked to state its wishes concerning membership for doctors who fail to meet the requirements stated in the By-laws, of (1) 75 per cent attendance at Business Meetings and (2) fulfillment of duties toward patients. There was considerable discussion, but no decision.

D. (Dr. Kilgore) The actions of the last Hospital Board meeting, 8 December 1955, were reviewed. Dr. Kilgore remarked on the lack of quorum and possible evidence of flagging interest on the part of Board Members.

E. (Dr. Jenkins) A gift of $200.00 has been made by an anonymous donor, through Dr. H. Caplovitz, for purchase of drugs for needy out-patients.

F. (Dr. Jenkins) The City Comptroller has ruled that, as an economy measure City positions currently vacated will NOT be refilled at this time. This policy may seriously impair the functioning of this hospital.

G. (Dr. Jenkins) Dr. Phil Harris was introduced. He is a resident from Jefferson-Davis Hospital, assigned to this hospital for the next three months.

H. (Dr. Jenkins) The Clinic must vacate its present quarters at Jefferson-Davis Hospital to the old M. D. Anderson site. This can be accomplished for less than $500.00.

I. (Dr. Kilgore) Appointment of Chairmen of Committees for the current year were announced:

By-laws	-	Dr. Lester Karotkin
Credentials	-	Dr. Wm. D. Seybold
Library	-	Dr. Wm. Boyd Gordon
Budget	-	Dr. John W. Overstreet
Membership	-	Dr. Daniel Jackson
Research Committee	-	Not appointed
Civil Defense	-	Dr. Russell J. Leonard
Clinic Bldg. Committee	-	Executive Committee, which shall consist of the Chairman, Vice Chairman, Secretary of the Medical Staff and Medical Director, plus Dr. Hsu, Dr. Cline, Dr. Goens. Dr. Jenkins re temporary move to M. D. Anderson site.

J. (Dr. Barkley) Feasability of reduction of the number of business meetings to four (4) a year was discussed. No action was taken, in view of numerous business matters pending at this time.

K. (Mrs. Eglin) Report was made of the gift through the Auxiliary of Christmas dinner for patients. A total of 120 new radios with earphones have recently been obtained for the patients by this group (or are due to arrive shortly).

Twenty-six Staff members were present at the meeting, which was called to order at 8:00 a.m. and was adjourned at 9:00 a.m.

Carlos D. Speck, Jr. M.D.

THE ELVA A. WRIGHT AUXILIARY TO THE HOUSTON TUBERCULOSIS HOSPITAL

Dear Auxiliary Member:

As you know, we are in the midst of a $100,000 charity drive sponsored by the newly formed Men's Patrons Division. We thought you would be interested in this worthy cause and would like to tell your friends about it.

Have you ever had tuberculosis? Have you ever had to see one of your family die of tuberculosis, knowing that they might have recovered if modern equipment for medical and nursing care had been available to the doctor? If one or more of your loved ones became ill with tuberculosis, could you afford treatment at approximately $15,000. per case...plus many months in bed? Houston has several hundred families now facing this problem. In many cases it is the breadwinner of the family who is a victim of this dread disease, meaning that all income stops and that he must accept treatment in a charity hospital and that the family must resort to welfare.

If a case, such as the above, could have the most modern treatment, with all modern surgical and nursing equipment, he could become well and able to return to supporting his family in a much shorter time. Since our Houston Tuberculosis Hospital does not have the equipment for the latest treatment, many, or most of the patients, must face months and often years longer in bed...and the family must suffer this hardship with them.

The attached list of equipment would help get many, many of the patients in our hospital well and return them to supporting their families in the shortest possible time...there is no money in the hospital budget for it! The Houston Tuberculosis Hospital does not derive one penny from the sale of T. B. Seals or the United Fund Drive.

Any contribution that you or your organization may make toward the purchase of one or more of these items will be appreciated. Please make checks payable to Elva A. Wright Auxiliary, and send to Mr. Sterling Stanford, Chairman Men's Patrons Division, c/o Weingarten's, 600 Lockwood Drive, Houston, 1, Texas.

If you have already been contacted by some other party regarding funds for this drive, kindly disregard this request and send only one check.

Yours for charity,

"Miss Betty"

Mrs. Sterling Stanford ("Miss Betty")
First Vice-President & Director of
Program and Publicity

BY-LAWS
Rules and Regulations
of
HOUSTON TUBERCULOSIS HOSPITAL

Z
E
T
A

Staff Approved: June 5, 1956

PREAMBLE

Recognizing that the medical staff is responsible for the quality of medical care in the hospital and must accept and assume this responsibility, subject to the ultimate authority of the hospital governing body and that the best interests of the patient are protected by concerted effort, the Medical Staff of the Houston Tuberculosis Hospital hereby organizes itself in conformity with the By-Laws, Rules and Regulations hereinafter stated, which are drawn in conformity with the Affiliation Agreement existing between the Board of Managers of the Houston Tuberculosis Hospital and the Board of Trustees of the Baylor University College of Medicine.

For the purpose of these by-laws the word medical staff shall be interpreted to include all physicians AND DENTISTS WHO HAVE BEEN DULY ELECTED TO MEMBERSHIP ON THE MEDICAL STAFF.

Whenever the term governing body appears, it shall be interpreted to the Board of Managers.

ARTICLE I
Name

The name of this organization shall be "The Medical Staff of the Houston Tuberculosis Hospital."

ARTICLE II
Purpose

The purpose of this organization shall be:

1. To administer medical treatment to the tuberculous ill of the County of Harris.

2. To collaborate with the Board of Managers and the Hospital Administration concerning problems relative to the care of tuberculous patients.

3. To stimulate education and research in tuberculosis.

Z
E
T
A

4. To help the Hospital fulfill its responsibility in the community's tuberculosis control program.

5. To provide a means whereby problems of a medico-administrative nature may be discussed by the medical staff with the governing body and the administration.

6. To hold regular Staff meetings for the purpose of clinical discussion of patients.

ARTICLE III
Membership

Section 1. Qualifications.

The applicant for membership on the medical staff shall be a graduate of an approved or recognized medical school, legally licensed to practice in the State of Texas, and qualified for membership in the Harris County Medical Society, or in the Houston District Dental Society.

Section 2. Procedure of Appointment.

Application for membership to the medical staff shall be presented in writing on a standard form to the chief of the section in which membership is desired. The application then shall be submitted to the Dean of Baylor University College of Medicine for recommendation, after which it shall be reviewed by the Executive Committee of the Medical Staff. IT IS THEN submitted to the Medical Staff FOR VOTE IN A Regular Business Meeting. If approved, the application shall be submitted to the Hospital Board of Managers by the Chairman of the Staff.

Section 3. Procedure of Dismissal.

The Executive Committee may recommend to the Board of Managers the dismissal of a member upon due cause; such a member shall have the right of appeal TO THE MEDICAL STAFF PRIOR TO THE PRESENTATION OF THIS RECOMMENDATION TO THE BOARD OF MANAGERS, AND THE DECISION OF THE STAFF SHALL GUIDE THE EXECUTIVE COMMITTEE.

Mr. & Mrs. Sterling Stanford
6647 Brompton Road
Houston, Texas

Dear Mr. and Mrs. Stanford:

Enclosed is a specification signed by both Dr. John Roberts Phillips, and Mrs. John Roberts Phillips, R. N., for the immediate use of the $100.00 that Mrs. Phillips sent for her life membership in the Elva A. Wright Auxiliary.

Dr. and Mrs. John Roberts Phillips Contribution of $100.00 dated July 12, 1956 designed for immediate use for the purchase of a Von Slyke Blood Machine.

Yours sincerely,

John Roberts Phillips

Houston, Texas

JRP:fl

Mrs. John Roberts Phillips of 5806 Bayou Bend boarding plane for Chicago, Illinois with daughter, Sandra Ann and son, John Roberts Phillips, Jr, to attend the Women's Auxiliary of the International College of Surgeons meeting in Chicago, where Mrs. Phillips, along with her nursing school - the University of Maryland, Baltimore, Maryland, will participate in one of the milestones of the time paying tribute to Florence Nightingale at the International College of Surgeons meeting.

During the festivities, the Florence Nightingale cap, adopted by the University of Maryland Nursing School and worn by all graduates of the university, was presented to the Hall of Fame along with a book written by Mrs. Phillips about the life and deeds of this famous nurse and of our mother country, England and contributions frmm all over the world.

Mrs. Phillips says, "I feel and my school, the University of Maryland, and all the nurses in this country, that this is a real honor which the surgeons of the International College of Surgeons has bestowed upon this great woman, "Florence Nightingale".

The Phillips family circled down to Alexandria, Virginia where they visited their daughter and son-in-law, Lt. and Mrs. Harry L. Thomas, and their grandchildren, Kathy and Janet. Lt. Thomas is in the U. S. Army stationed in Alexandria, Virginia.

Houston, Texas
July 15, 1956

Mr. John Doe,
100 Home St.,
Houston, Texas

Dear Mr. Doe:

HAVE YOU EVER HAD TUBERCULOSIS?

HAVE YOU EVER HAD TO SEE ONE OF YOUR FAMILY DIE OF TUBERCULOSIS, KNOWING THAT THEY MIGHT HAVE RECOVERED IF MODERN EQUIPMENT FOR MEDICAL AND NURSING CARE HAD BEEN AVAILABLE TO THE DOCTOR?

IF ONE OR MORE OF YOUR LOVED ONES BECAME ILL WITH TUBERCULOSIS COULD YOU AFFORD TREATMENT AT APPROXIMATELY $15,000.00 PER CASE...PLUS MANY MONTHS IN BED? HOUSTON HAS SEVERAL HUNDRED FAMILIES NOW FACING THIS PROBLEM. IN MANY CASES IT IS THE BREADWINNER OF THE FAMILY WHO IS A VICTIM OF THIS DREAD DISEASE, MEANING THAT ALL INCOME STOPS AND THAT HE MUST ACCEPT TREATMENT IN A CHARITY HOSPITAL AND THAT THE FAMILY MUST RESORT TO WELFARE.

IF A CASE, SUCH AS THE ABOVE, COULD HAVE THE MOST MODERN TREATMENT, WITH ALL MODERN SURGICAL AND NURSING EQUIPMENT, HE COULD BECOME WELL AND ABLE TO RETURN TO SUPPORTING HIS FAMILY IN A MUCH SHORTER TIME.

SINCE OUR HOUSTON TUBERCULOSIS HOSPITAL DOES NOT HAVE THE EQUIPMENT FOR THE LATEST TREATMENT MANY OR MOST OF THE PATIENTS MUST FACE MONTHS AND OFTEN YEARS LONGER IN BED...AND THE FAMILY MUST SUFFER THIS HARDSHIP WITH THEM.

THE ATTACHED LIST OF EQUIPMENT WOULD HELP GET MANY, MANY OF THE PATIENTS IN OUR HOSPITAL WELL AND RETURN THEM TO SUPPORTING THEIR FAMILIES IN THE SHORTEST POSSIBLE TIME...THERE IS NO MONEY IN THE HOSPITAL BUDGET FOR IT!

ANY CONTRIBUTION THAT YOUR OR YOUR ORGANIZATION MAY MAKE TOWARD THE PURCHASE OF ONE OR MORE OF THESE ITEMS WILL BE APPRECIATED.

Sincerely,

Men's Patron Group,
HOUSTON TUBERCULOSIS HOSPITAL

Houston 19, Texas
July 3, 1956

Mrs. Betty Stanford,
First Vice-President
Elva A. Wright Auxiliary,
6647 Brompton Rd.,
Houston, Texas

Dear Mrs. Stanford:

As you may perhaps know, the Hospital is in need of equipping our pulmonary function laboratory which is being set up to measure the extent to which the sick lungs of our patients function. This is important, not only in relationship to rehabilitating them back to a useful place in society, but also in evaluating them as candidates for surgical procedures.

As you know, we need two Van Slyke blood gas machines, each of which costs $275.00. One of these machines, I believe, can be secured with monies that are already available. In addition, a Cambridge Research pH meter is needed, which costs $550.00.

The proposed laboratory is to be set up in a room just outside the operating pavilion in the Autry Memorial Building. This room also requires laboratory sinks and desks where these procedures can be carried out. Conservative estimates on the cost of equipping this laboratory runs $1,500.00, for the equipment alone.

Hoping that this answers your inquiry and with deep appreciation for the interest of the Auxiliary in our problems, I am

Sincerely yours,

Daniel E. Jenkins

Daniel E. Jenkins, M.D.,

Administrator,
HOUSTON TUBERCULOSIS HOSPITAL

DEJ/bs

HOUSTON TUBERCULOSIS HOSPITAL
Revision
Constitution and By-Laws

Article I - Name

No change.

Article II - Object

No change.

Article III - Membership

1. No change.

2. Application for membership to the medical staff shall be presented in writing on a standard form to the chief of section in which membership is desired. The application then shall be submitted to the Dean of Baylor University College of Medicine for recommendation, after which it shall be investigated by the executive committee of the medical staff. If approved by the executive committee, the application shall be submitted to the medical staff in the regular business meeting. No one may become a member of the medical staff without approval by the medical staff.

3. The membership is subject to annual renewal by the Board of Managers on recommendation of the executive committee of the medical staff. The executive committee shall prepare a revised roster of the staff each year to be presented to the medical staff at its annual business meeting prior to presentation to the Board of Managers.

4. As in old by-laws, add: "or a member of the house staff currently assigned to duty in the hospital."

5. Classification of staff membership.

 A. Regular member is a duly elected member who fulfills required assignments in the regular section to which he is assigned, and fulfills seventy-five percent attendance requirement at staff business meetings.

 B. Consulting member is a duly elected member who fulfills required assignments in consulting section to which he is assigned and fulfills twenty-five percent attendance requirement at staff business meetings.

C. Inactive member is a regular or consulting member who has failed to fulfill required assignments and/or business meeting attendance shall become an Inactive Member by vote of the medical staff. Membership shall be terminated automatically after two years of continuous inactive status. Reinstatement as regular or consulting member shall be effected by vote of the medical upon demonstration of intent to fulfill requirements. An Inactive Member shall not have the right to vote in business meetings or to serve as an officer or chief of a section.

D. Consulting emeritus members shall be designated by vote of medical staff or automatically on attainment of sixty-two years of age. He may participate in business meetings and in professional activities at the discretion of the chief of his section but may not vote or hold office.

6. Upon attaining the age of sixty-two years of age, a regular or consulting member of the staff shall automatically be designated as a consulting emeritus member, provided he has served a minimum of ten years as a regular member.

7. A regular or consulting member of the staff who has served continuously for twenty years may be designated as a consulting emeritus member upon election by the medical staff.

Article IV - Staff Organization

1. Regular Sections

A. Internal Medicine
B. Thoracic Surgery
C. General Surgery
D. Roentgenology
E. Pediatrics

Each of these sections shall consist of a minimum of two regular members of the medical staff. Consulting and consulting emeritus members may be included in these sections. Within each section they shall be classified as follows:

1. Chief of Section: A chief of each section shall be appointed annually by a committee consisting of three members, one of whom shall be the Dean of Baylor and two of whom shall be regular members of the section, appointed

by chairman of medical staff. Only a regular member of associate rank in his his section may be appointed as chief.

2. Associate Physician: (Surgeon, Roentgenologist). A regular member who has been certified by the American Board of his specialty shall be designated in rank of associate.

3. Assistant Physician: (Surgeon, Roentgenologist). A regular member who does not have American Board certification shall be designated in rank of assistant.

4. Consulting Physician: (Surgeon, Roentgenologist). A regular member who has served a total of fifteen years as assistant and associate may be designated as consulting upon vote of the medical staff (or on appointment by executive committee?).

2. Consulting Sections

Anesthesiology, Dental Surgery, Dermatology, Neuropsychiatry, Obstetrics-Gynecology, Orthopedics, Pathology, Urology, Otolaryngology.

Each consulting section shall consist of one or more members.

Article V
Duties and Privileges of Staff Members

1. Regular staff members shall be assigned to professional duties in accordance with programs prepared by the chiefs of the regular section, the medical director, and the executive committee. Fulfillment of these assignments shall be the obligation of the member in order to retain regular status on the staff. Regular members shall attend a minimum of seventy-five percent of staff business meetings. Regular members shall have full privileges of participation and voting in business and scientific meetings of the staff and may serve on committees and serve as officers of the staff.

2. Consulting members shall be assigned to professional duties at the direction of the chiefs of the regular sections, of the consulting section of which he is a

member, of the medical director, or of the executive committee. Fulfillment of assigned duties shall be the obligation of the member in order to retain consulting status on the staff. Consulting members shall attend a minimum of twenty-five percent of staff business meetings. Consulting members may participate and vote in business and scientific meetings and may serve on committees but may not serve as officers of the staff or as chiefs of regular sections.

3. Consulting emeritus members shall have the privilege of serving in consulting capacity and of doing special work of their own choosing, at the discretion of the regular staff. They may attend business and scientific meetings of the medical staff at their own discretion, but may not vote or serve as officers of the staff or chiefs of regular sections.

Article VI
Officers of Medical Staff

1. The officers of the medical staff shall consist of a chairman, a vice-chairman, and a secretary. These officers shall be filled from among the regular members by a majority vote of the staff at the annual business meeting. Nominations for officers may be made by a nominating committee consisting of regular members appointed by the chairman of the staff and/or by nominations from the floor.

2. The chairman shall preside at business meetings and shall be chairman of the executive committee and an ex-officio member of all other staff committees. He shall serve as liaison officer between the medical staff and the Board of Managers.

3. The vice-chairman shall serve in the capacity of the chairman in event of absence of the chairman. He shall also perform such official duties for the medical staff as shall be assigned him by the chairman.

4. The Secretary shall maintain and circulate minutes of business meetings of the staff, shall attend to notification of meetings and appointments of staff members, shall attend to staff correspondence, and shall perform such other duties as may be designated by the chairman.

Article VII - Medical Director

A medical director of the hospital may be appointed by the Board of Managers. The medical director must be a regular member of the staff. His duties shall consist of supervision of professional activities in the hospital, direction of medical policies, supervision and training of personnel, preparation and direction of clinical meetings and training of house staff and nursing personnel. He shall be directly responsible to the medical staff for performance of these duties. He shall be a member of the executive committee and shall report to this committee on professional activities in the hospital.

Article VIII - Meetings

1. Business Meetings.

 A. Business meetings of the medical staff shall be held at least four times annually. The date and time of such meetings must be determined by majority vote of the medical staff in regular business meetings, a quorum being in attendance. All staff members shall be notified by mail of meetings.

 B. Business meetings shall be conducted in accordance with Roberts Rules of Order.

 C. One-third of the regular members in attendance shall constitute a quorum for regular business meetings.

 D. An annual business meeting shall be held at which time officers for the ensuing year shall be elected and annual reports shall be rendered by committees.

2. Clinical and Scientific Meetings:

 A. Regular clinical and scientific meetings shall be held for the purpose of directing care of patients of the hospital and of advancing scientific knowledge. Time and place of such meetings shall be determined by majority vote of the staff in regular business meetings and all members shall be notified by mail of any change in accustomed schedule of these meetings.

 B. Individual or joint meetings may be held by regular or consulting sections for clinical or scientific considerations.

C. Special meetings for any purpose may be called at the discretion of the chairman of the staff and the members shall be notified by mail.

Article IX - House Staff

Internes and Residents may be assigned to duties in the hospital upon appointment by the executive committee, subject to approval by the medical staff. The house staff members shall serve under the direction of the medical staff members in connection with their service assignments. They shall be responsible to the medical staff and the medical director for the performance of their duties.

Article X - Committees

1. The executive committee shall consist of:
 A. Chairman of the medical staff, who shall serve as chairman of the executive committee.
 B. Vice-Chairman of medical staff.
 C. Secretary of medical staff.
 D. The chiefs of the Regular Sections of the staff.
 E. Medical Director of the hospital.
 F. Dean of Baylor University College of Medicine.
 G. Superintendent of hospital (secretary of executive committee). The executive committee shall recommend the professional policies to be followed in the hospital to the medical staff and to the Board of Managers. The executive committee shall function for and be responsible to the medical staff.
2. Medical records committee (as in old by-laws).
3. Program Committee (as in old by-laws).
4. Membership and credential committee (as in old by-laws).
5. Attendance Committee (as in old by-laws).

Article XI - Amendments

As in old by-laws.

**Original revision submitted to Executive Committee by Dr. Lester Karotkin, Chairman, By-Laws Committee -

bs/8-7-56

ELVA A. WRIGHT, Auxiliary
VOLUNTEER SERVICE
to the
HOUSTON TUBERCULOSIS HOSPITAL

(M0449685)

Dear Mrs Phillips

We are so proud that you are becoming a member of our Elva A. Wright Auxiliary to the Houston Tuberculosis Hospital, and we shall be looking forward to seeing you in the fall.

Our meetings will interest you in the fine work our members are doing to stamp out tuberculosis and aid those unfortunate patients that cannot help themselves physically or financially.

Please mail your Life 100 00 Membership Dues, made out to the Elva A. Wright Auxiliary, as soon as possible so that your name, address and phone number may be correctly listed in our year book which will go to print July 15th.

Send to Mr. Sterling Stanford, Chairman of Men's Patrons Division, 6647 Brompton Road, Houston, 5, Texas.

Thanking you for your interest, I remain,

Sincerely yours,

(Mrs Sterling Stanford) Betty Stanford
"Miss Betty"

1st Vice-President

Internal Medicine.

September 28, 1956

Mr. Sterling Stanford
Chairman, Men's Patron Division
Elva A. Wright Auxiliary
Houston Tuberculosis Hospital

Dear Mr. Stanford:

At the suggestion of Mrs. Sonia Grogin, president of the Elva A. Wright Auxiliary, and in the interest of progressing with the purchase of equipment which is so badly needed at the Hospital, I am enclosing a list of items which are badly needed in connection with the work in our physiologic laboratory. Since the functions of this laboratory are vitally concerned with patient care, there is little question that we should proceed in this direction.

The problems relative to this laboratory have been discussed with Miss Aldrich and with Dr. Morris Kilgore, and both have given their consent to the project.

Enclosed you will find a list itemizing in detail the needs in this area of operation. A great deal of thought and planning has gone into the preparation of this material, and the advice of other hospitals and physicians currently doing work in this same field has been sought. Although many of the items of equipment are costly, their accuracy and versatility will save us time and money in the long run and at the same time allow the Tuberculosis Hospital to render a much better job of patient care.

I would like to ask your approval of the purchase of the items listed. With many thanks and kindest personal regards, I am

Sincerely yours,

Daniel E. Jenkins, M. D.
Medical Director,
Houston Tuberculosis Hospital.

TO:
Staff Member,
Houston Tuberculosis Hospital

The Regular Business Meeting of the Medical Staff of the Houston Tuberculosis Hospital will be held on Tuesday morning, September 11, 1956, at 8:00 A.M.

At the last called meeting of the Staff, it was felt that copies of the original revision of the By-Laws, prepared by Dr. Lester Karotkin of the By-Laws Committee, should be mailed to members of the Staff, copy of which is attached.

Please attend this meeting. We need your help!

Sincerely yours,

Norris W. Kilgore, M.D.

TB Auxiliary Sponsors Campaign for Funds

The Elva Wright Auxiliary to the Houston Tuberculosis Hospital is actively engaged in the current drive for funds to buy needed equipment and supplies at the hospital.

Aided by the Men's Patron Division, headed by Sterling Stanford, the goal has been set for $100,000. Actively assisting in the campaign is Mrs J. J. Truitt, founder and first president of the auxiliary.

THE FUNDS will be used to buy operative equipment, to make repairs on old equipment and to provide other supplies for the patients.

Work carried on by the organization, founded in 1950 by Mrs Truitt, has been to buy articles needed by individual patients, equipment for the hospital and to co-operate in every way with the hospital officials, Mrs Truitt said.

Included in the articles purchased are new drugs, bedside tables, trays, toilet articles, radios, televisions and other things to add to the comfort and happiness of the patients, she said.

At present there are about 147 adults and more than 30 children being cared for at the hospital.

Anyone wishing to contribute to the fund may send checks payable to the Elva A. Wright Auxiliary, PO Box 1698, Houston 1, or call Mrs Truitt, who has offered to pick up any donation.

MRS TRUITT, who is an honorary life president of the auxiliary, organized the group in 1950. Most of the charter members belonged to a group of doctors' wives who had met regularly for about eight years to make bandages and sew for patients.

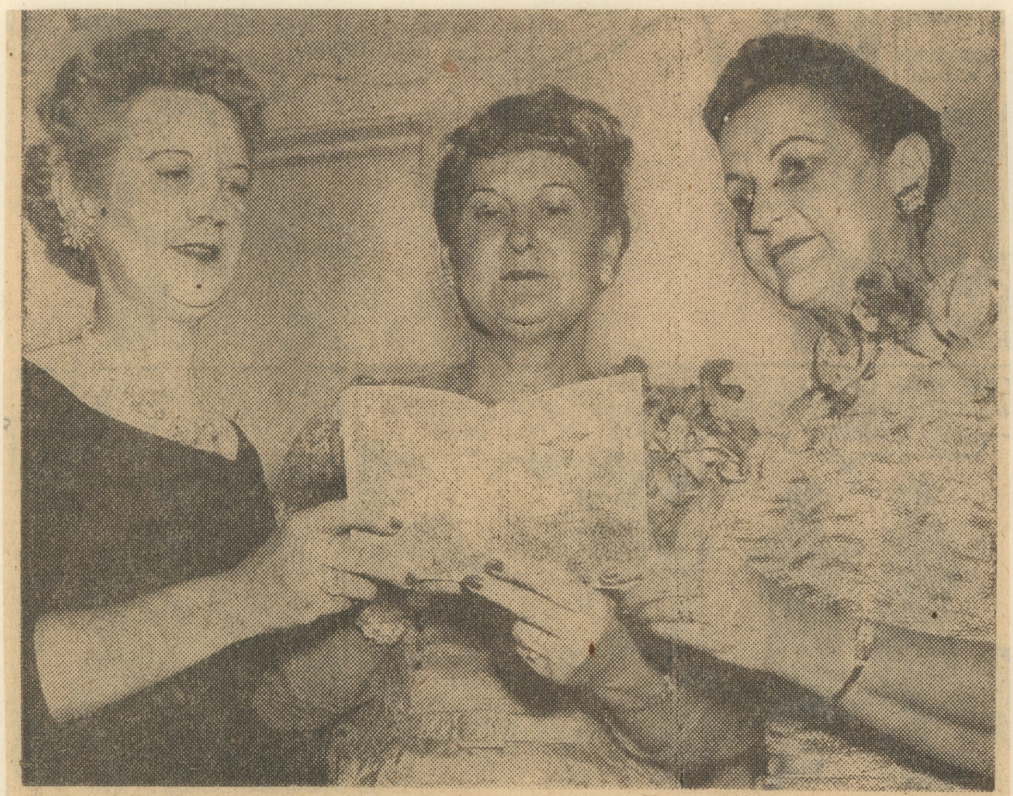

The auxiliary was named in honor of the late Dr Elva A. Wright, a pioneer worker in the fight against tuberculosis.

Members do volunteer work in the children's clinic and assist in keeping the X-Ray record.

The present staff includes Mrs J. W. Grogin, president; Mrs Sterling Stanford, Mrs Morris Kilgore and Mrs Bernard Weingarten, vice presidents; Mrs Mose Buck, treasurer; Mrs A. I. Traub, Mrs H. B. Schaffner, Mrs Adele Pittman and Mrs William Perl, secretaries; Mrs Allen Unger, parliamentarian; Mrs Truitt, historian, and Mrs R. Alec Brown, board member.

MRS J. J. TRUITT

WRIGHT AUXILIARY TEA

Elva Wright Auxiliary was hostess at a tea Wednesday in the home of Mrs. Dave Kaminsky, 2417 Maroneal. Among those present at the hospitality were, left to right, Mrs. R. Alec Brown, Mrs. Harold E. Brady and Mrs. J. W. Grogin. (Chronicle Photo)

Ex-Denver Patients Club Formed Here

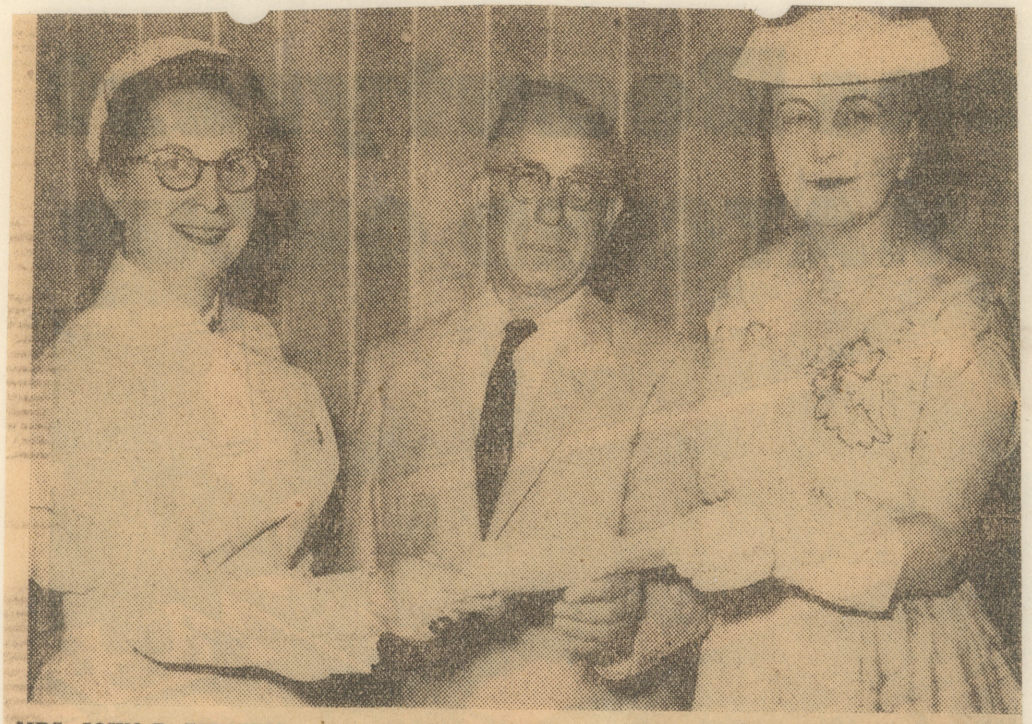

The Ex-Patients Club has been organized in Houston for those persons who have received treatment at the National Jewish Hospital in Denver, Colo.

The club already has recruited 40 members. An estimated 300 persons in this area have been treated in the in the nondemoninational hospital.

The organizational meeting was held Wednesday at the Jewish Community Center, 4040 Hermann Dr. The next meeting will be held Aug. 7.

President of the club is Max Silverstein. Larry Michaels is vice-president.

The purpose of the club is to sponsor persons from this area who wish to enter the hospital and to provide equipment for the hospital.

MRS. JOHN R. PHILLIPS W. W. ZINGERY MRS. STERLING (BILLY) STANFORI

GET FUND DRIVE OFF TO FLYING START—Mrs. Phillips, life member of the Elva A. Wright Auxiliary of the Houston Tuberculosis Hospital, has already raised $2093 in a campaign to raise $100,000 for new surgical and equipment at the hospital. And here she presents a check for the sum she's collected to Mr. Zingery, vice-president of the Men's Patron Division of the auxiliary, and Mrs. Stanford, vice-president of the auxiliary. The Patron Division launched the drive yesterday. Harris Countians are asked to send their contributions to the Elva A. Wright Auxiliary, Box 1698, Houston, Texas.

Mr. T. Earnest Gammage,
2905 Louisiana Street,
Houston, Texas

Dear Mr. Gammage,

There will be a Board of Directors meeting of the Men's Patrons Division of the Elva A. Wright Auxiliary to the Houston Tuberculosis Hospital on Friday, October 19th at the home of Dr. and Mrs. John Roberts Phillips, 5806 Bayou Bend, social hour at 7:45 P. M. business meeting at 8:30 P. M.

All wives are cordially invited.

It is imperative that we call a meeting at this time in order to discuss several vital issues facing the division now, such as the enclosed letter concerning a laboratory, disbursement of funds for specified equipment, report on drive to the public through newspapers, etc. Votes on all vital issues shall be by secret ballot.

Looking forward to seeing you at the appointed hour.

Cordially yours,

Sterling Stanford

October 15, 1956

Mrs. G.L. Shields, Project Chairman
Kappa Delta Sorority
3423 Deal Street
Houston, Texas

Dear Mrs. Shields:

On behalf of the Houston Tuberculosis Hospital, I would like to express to you and to the women of the Kappa Delta Sorority the very deep appreciation of the Houston Tuberculosis Hospital for the generous contribution which you have made in the form of funds to purchase a Van Slyke blood gas apparatus. As the hospital is run on a very limited budget and since it is impossible to finance such needed equipment as this through any other source than donations, we are extremely grateful for your consideration of our problem.

This machine will allow us to carry out determinations of a very important nature in reference to the preparation of patients for major surgery, and the determination of the extent of damage which tuberculosis has caused in the lungs of our patients. Your gift will go a long way toward helping patients to recover from tuberculosis.

Many many thanks once again.

Sincerely yours,

Daniel E. Jenkins, M.D.

Mrs. Oscar James, Jr.
455 North Avenue A
Bellaire, Texas

Dear Mrs. James:

On behalf of the Houston Tuberculosis Hospital, I would like to express to you our very deep appreciation for the generous contribution which you and the members of the Clipped Wings Sorority have made to the hospital. As you know, the hospital has very limited funds for the purchase of any items of equipment; consequently, we are dependent upon gifts such as yours for practically all new supplies. The wheel chairs, the stretcher, and the mattress will go a long way toward helping hospital personnel to take care of patients who, in turn, are struggling so desperately to get well.

We very much appreciate the thoughtful consideration which the Clipped Wings Sorority has displayed toward our problems. We would like to invite you to visit the hospital whenever you are in this part of town.

Please convey our thanks to the members of your organization.

Sincerely yours,

Daniel E. Jenkins, M.D.

MINUTES

By Mrs. John Roberts Phillips, R. N.
Recording Secretary

The board meeting of the Mens Patron Group of the Elva A. Wright Auxiliary met at the home of Doctor and Mrs. John Roberts Phillips, 5806 Bayou Bend, on Friday, October 19, 1956 at 7:45 p.m.

We had a social hour and then the meeting was called to order by Mr. Sterling Stanford. The members of the General Board that were present were: Mr. and Mrs. Bernard Weingarten. Mrs. Weingarten is Chairman of the Ways and Means of the Women's Auxiliary and Honorary Chairman of the Mens Patron Division. Also present were Mr. and Mrs. Sterling Stanford. Mr. Stanford is Chairman, and Mrs. Stanford is Honorary Publicity Director. Mr. T. Earnest Gammage who is the corresponding secretary was present with his wife. Mrs. Mose Buck, the honorary treasurer was present. She read the treasurer's report.

Members from the Board of Directors that were present were: Mrs. J. W. Groggin, honorary President; Mr. Sterling Stanford, Chairman; Dr. Dan Jenkins, honorary Chairman; Mrs. J. J. Truitt, Historian; Mr. W. W. Zingery, Vice-Chairman, and Mr. John L. Andrews, treasurer.

Two members were added to the board. They were Mrs. Thelma Gammage of 4313 Rossmoyne, and Mr. Richard Powell, attorney, of 4826 Rockwood. Mrs. Gammage was elected corresponding secretary. Motion was made by Mrs. Sterling Stanford, and seconded by Dr. Dan Jenkins, that Mrs. Gammage write thank-you notes to the people that contributed during the drive. This would relieve the recording secretary, and Mr. Stanford of the correspondence because it has been pretty heavy since the drive.

Two thousand dollars were transferred from the Mens Patron Group to the Elva A. Wright Auxiliary for the rehabilatation of the patients at the Houston Tuberculosis Hospital.

It was put in motion that all the checks for contributions have plaques made, and the wishes of the donors carried out, as most of the contributions were made in memory of some of their loved ones. Mr. Sterling Stanford is helping on this committee.

Dr. Phillips put in motion that the meeting be adjourned, and it was seconded by Mr. Sterling Stanford. The meeting was adjourned at 11:00 p.m.

Mrs. John Roberts Phillips, R.N.
Recording Secretary

BOND MONEY READY

Hospital Plan Still Up in Air

10-19-56

BY MEL YOUNG
Chronicle Staff

Last June, Chicago hospital consultant Ross Garrett made an exhaustive report detailing what should be done to provide adequate city-county hospital facilities.

Garrett's recommendations were based on a study of charity hospital needs. And the study cost Houston and Harris County taxpayers $30,000.

Endorsements

At the time, the recommendations were endorsed enthusiastically by County Judge Bob Casey and Mayor Oscar Holcombe.

Soon afterward, both Casey and Holcombe announced they had agreed that construction should begin immediately on badly needed emergency and outpatient clinics—as the first step of the Garrett recommendation.

But, with October on the wane, no move has been made to get even preliminary planning under way.

Why the inertia?

Casey said that the question of financing the hospital is at the root of the matter. He criticizes "all of this talk" about the county government's responsibility on financing.

"Some Hope"

Asked whether he thinks this controversy can be solved and plans gotten under way this year, he said: "There is some hope . . . it is possible."

Holcombe said: "I expect to talk with Judge Casey next week and I hope we can get something started without much further delay."

City councilmen make no bones about their thinking. They say that "eventually" the county should take over the cost of operating the hospital.

To complicate further the money controversy during the past few months was the opposition by some medical factions to a Garrett recommen-

MRS. BEN HOWARD MRS. TED EGLIN

HELP FOR THE STRICKEN—Kappa Delta Sorority's alumni are helping to make it easier for Tuberculosis Hospital to get into the job of curing the dreaded disease. Mrs. Howard is pictured here as she presented a check with which to buy a blood analyzing machine for Tuberculosis Hospital to Mrs. Eglin, who is chairman of the patient welfare committee of the Eva Wright Auxiliary. Mrs. Howard is president of Kappa Delta Alumni.

Need for New TB Hospital Now Is Declared Critical

BY BOB BURKE
Chronicle Staff

Immediate construction of a new tuberculosis hospital was urged here Tuesday by Ben Taub, chairman of the board of managers of Jefferson Davis Hospital, and Dr. Morris Kilgore, chairman of the medical staff of the Houston Tuberculosis Hospital.

"We are doing the best we can to meet the demands of our community," Taub said. "But we have to turn down patients because we don't have adequate space."

The Houston Tuberculosis Hospital, long has been recognized as being too small for Houston. There has been talk of a new building for about 15 years. Bonds for the construction were voted in the 1940s.

Combined Operation

Recently, the hospital was combined with the operation of Jefferson Davis Hospital, putting it under the control of the J. D. board of managers.

"The only way a new patient can get in the hospital is for one of the patients there to die," Taub said.

He said the hospital is repairing some of its old buildings and adding blankets for the patients to use this winter. "But we are hoping for a new building so we are holding down expenditures," he said.

Needed Now

Dr. Kilgore said urgent action is needed. "The new hospital should have been built yesterday," he said.

"We are not meeting the needs of this community," he added. "Patients have to leave town for treatment. Many of the outpatients treated at the hospital are menaces to public health because of the contagious disease, but we can't do any more because we have no place to confine them."

The city has $1,630,000 voted in bonds for the tuberculosis hospital construction, which is now drawing interest in a Houston bank until a decision is reached. A hospital consultant, called here to survey health needs, suggested the hospital be built immediately.

City, County Dispute

But the city and county have not determined who should pay for the treatment of the tuberculosis patient. Each says it is a responsibility of the other.

"We should build the hospital now and then figure out how to support it," Dr. Kilgore said. "We have a good hospital here and we are curing people, but it could do a better job in better facilities. Plans should not be delayed."

The consultant, Ross Garrett of Chicago, proposed that a 250-bed tuberculosis hospital be built. He suggested it be erected near Jefferson Davis Hospital.

Tuberculosis Hospital
October 19, 1956

Mr. Sterling Stanford, Chairman
Men's Patron Idvision
Elva A. Wright Auxiliary
Houston Tuberculosis Hospital
Houston, Texas

Dear Mr. Stanford:

I hope you will pardon my delay in transmitting to you the remainder of the formal request for hospital equipment. As you will recall, the first request was sent to you on September 28, 1956, in the form of requests for the physiologic laboratory. It was not intended that this be the sole request from the hospital, but since committee action is needed on all these requests, there has been an unavoidable delay in getting the other information to you.

Once again, a considerable amount of thought has gone into the preparation of the enclosed list. The new hospital Board, under Mr. Ben Taub, has been appointed in charge of hospital affairs, and we have recently been assured by Mr. Taub that the building of the new hospital will, without any uncertainty, take place in the near future. Because of this fact, Dr. Kilgore, Miss Aldrich, and myself have felt that the requests for medical supplies made to you should be given careful re-evaluation to correspond with the new hospital and the things which the City will almost certainly provide in view of a future building program.

May I also mention that the needs of the hospital in carrying out its program of patient care can be accurately portrayed only after much careful thought and planning. In order to give better patient care, a great many things must be considered, not only from the standpoint of immediate comfort of the patients but also from the angle of allowing the professional and non-professional personnel to administer proper treatment. Finally, the matter of rehabilitation is important, particularly since more patients are being restored to health and ultimately back to a useful place in society. All of these points have been given consideration in the revised lists which are being presented to you.

I would, therefore, like to ask your approval for purchase of the items on the enclosed list. With many thanks and kindest personal regards, I am

Sincerely yours,

Daniel E. Jenkins MD

Daniel E. Jenkins, M.D.

FINAL REVISION OF EQUIPMENT REQUESTED FROM THE ELVA A. WRIGHT AUXILIARY AS A RESULT OF THE FUND RAISING CAMPAIGN

1 Line-O-Scribe Sign Stamping Machine, Model M-1422, with accessories.
This machine has been carefully selected as an instrument which can be used for patient rehabilitation. The machine is a versatile piece of equipment which will make almost any type of printed sign. Such signs are exceedingly expensive and are continuously needed at the hospital. $ 670.00

1 Electronic X-Ray Timer for the X-Ray machine in the Houston Tuberculosis Clinic
In the Clinic X-Rays of children are quite a problem. The children will not hold still sufficiently long for a good picture to be taken. An electronic timer will take much of the inaccuracy out of the present mode of operation, which is entirely by hand. This piece of equipment is badly needed for improving the quality of X-Rays in the Clinic. 295.00

1 Electric Staining Bath
This piece of equipment is needed so that several microscopic slides can be stained at one time. The heating equipment necessary for staining is electrically controlled and will save considerable time on the part of laboratory personnel. Such staining is done in large quantities every day. 100.00

1 Inspissator
This piece of equipment is needed for making proper culture media for growing the tubercle bacillus. Since cultures are indispensible to the care of patients, this piece of equipment is badly needed. The present Inspissator is deteriorating rapidly, and this replacement is needed. 300.00

4 Slant Racks
This laboratory equipment is needed for holding tubes of culture media until they solidify. This will allow uniform handling of all of the culture media and will considerably speed up the process of preparing media. 140.00

3 Frigidaire Ice Making Machines
The securing of ice for the patients in the various units will aid considerably in their comfort. The present handling of ice does not provide an efficient or satisfactory way of providing for patients' needs in this regard. @ $500.00 ea. . . . 1,500.00

1 Pilling Bronchoscopic Telescope, forward oblique viewing
This type of bronchoscopic telescope is an exceedingly important instrument in helping to visualize disease within a bronchus at the time of a bronchoscopy. The hospital does not possess this very important and necessary piece of equipment for the very important procedure of bronchoscopy. 185.00

1 Bronchoscopic Telescope, retrograde
This is a piece of equipment similar to the one above, but for the purpose of viewing at a retrograde angle, particularly in the upper lobe bronchi. It is also very necessary for proper bronchoscopic procedures, and the above instrument can in no way substitute for it. 195.00

1 Chevalier Jackson Bronchoscope, adult size
The hospital is badly in need of another bronchoscope, since these instruments are used frequently. 22.50

2 Welch Allyn Diagnostic Sets, with Otoscope and Ophthalmoscope
These sets are extremely important for examination of both adults and children. The hospital is as yet not equipped sufficiently with them, and two more are needed. @ $68.00 ea. . . 136.00

3 Blood Pressure Machines, cuff gauge
These machines are badly needed everywhere in the hospital, on the wards and in the surgical division. There are very valuable and handy for obtaining blood pressure and are constantly used every day. @ $42.50 ea. 127.50

7 Portable Scales for ill patients
These scales are badly needed on each unit to be used in situations where patients are too sick to be moved or walk to the regular scales. It is very important to secure the weight of a patient at the time of admission to the hospital or at certain times during a severe illness, and these are badly needed. @ $10.00 ea. 70.00

4 Oxygen Ambulators
These ambulators are needed for conveying oxygen tanks back and forth from the bedside of patients. Oxygen is usually needed as an emergency item and is used quite commonly, but the delays in transporting these large tanks would be largely overcome with the use of these ambulators. @ $45.00 ea. 180.00

6 Oxygen Regulators and Humidifiers
The regulators and humidifiers are attachments that have to accompany each tank of oxygen if it is to be used for patients. They regulate the flow of oxygen and make the gas saturated with water so that it can be used by the patient. @ $10.00 ea. 60.00

6 Bedside Commodes
These bedside toilets are very badly needed for sick patients. Many patients are so weak that they are not able to go to the bathrooms, and the hospital does not have a sufficient number of these instruments of mercy. @ $21.00 ea. 126.00

4 Wheel Chairs, folding type
These wheel chairs are badly needed on each unit so as to transport sick patients to various places on the unit or to the automobiles or ambulances. The folding type of chair is desired because it can be collapsed and stored without taking up room on the already overcrowded units. @ $50.00 ea. . . . 200.00

1 Gauze Cutter
This very important piece of machinery is badly needed for the nursing and maintenance personnel to prepare gauze bandages. Without this machine gauze becomes a terrific expense, and a tremendous amount of money can be saved and any number of different types of bandages made available to the patients quickly. This could also be used as a rehabilitation type of project for convalescing patients. 300.00

1 Binocular Microscope, with 4 eye pieces
This type of microscope is needed in the general laboratory. The monocular type of scope is very tiring to a technician's eyes, and the technician must spend hours at the microscope. At the present time the hospital has 2 monocular scopes which could be traded in and which would reduce the price of the binocular microscope to about 600.00

26 Bedside Tables
The patients do not have an adequate number of bedside tables where ordinary hospital supplies and personal belongings can be placed. The lack of these is a decided inconvenience to medical care as well as to the patient himself. @ $30.40 ea. 790.40

TOTAL $5,997.40

October 24, 1956

Mrs. Bess Harris Jones
Director Public Information
Texas Tuberculosis Association
P. O. Box 6158
Austin 21, Texas

Dear Mrs. Jones:

Thank you very much for your kind letter. The Mens' Patron Group was organized in July, 1956. Mr. Sterling Stanford is Chairman of the group. The board is made up of very prominent people in the community, and it is a very active board - both in the Elva A. Wright Auxiliary as in the Mens' Patron Group. We are very pleased with the drive. It stimulated the public, and the Mens' Patron Group is still receiving contributions on the drive.

I am corresponding secretary of the Mens' Patron Group, and I am also a life member of the Elva A. Wright Auxiliary. The board met at our house last Friday night, and we are laying the ground work, and as soon as we can get the different committees organized, we will be in a better position to give you more news.

We are cooperating with the city, and we want to cooperate with the state and the National Tuberculosis Assn. I feel that is the only way we can get the job done. My husband, Dr. John Roberts Phillips, is one of the Chairmans, and as you know, we have both been very active in the Houston Tuberculosis Hospital since we have been in Texas, and we have been here for 23 years. We must get everybody interested because it is the whole world's problem, and I feel since the

Mens' Patron Group has been organized, they are going to be a big help with the auxiliary, the hospital and the patients.

I am referring your letter to Mr. Sterling Stanford of 6647 Brompton Rd. Houston, Texas, along with a copy of this letter. When we have the next board meeting, I will have permission to write an article for your good newspaper, "Here and There" so that everyone can know of our good work. Best wishes.

Yours sincerely,

Mrs. John Roberts Phillips, R. N.

October 29, 1956

Mr. Henry Kriegel, City Treasurer
City of Houston
City Hall
Houston, Texas

Dear Mr. Kriegel:

This morning the following officers of the Elva Wright Auxiliary accompanied me to the City Hall and gave you a list of the necessary equipment outlined by Mrs. Aldridge and Dr. Jenkins to finish out the essential immediate needs at the Houston Tuberculosis Hospital: Mrs. J. W. Grogin, President, Elva Wright Auxiliary; Mrs. T. E. Gammage, Chairman of the Volunteer Workers; and Mrs. Mose Buck, Treasurer of the Elva Wright Auxiliary. We explained to you our drive for funds through donations of equipment and money raised around $25,000. All this money has been spent on equipment and supplies except the remaining sum of $7,500 which will probably pay for one-half the necessary equipment and supplies needed to finish out this program.

We are desirous of contributing this $7,500 to the City for this equipment project and, if the City will match this amount, it will be more than enough to buy the equipment shown on the list attached to this request.

We do not believe it would be advisable to start another campaign to raise an additional $7,500 at this time due to the various other major drives now in progress; therefore, we believe that this is the most feasible way of completing this equipment program. All the equipment purchased, and that yet to be purchased, is such that can be moved if and when the T. B. Hospital is relocated.

These ladies of the Elva Wright Auxiliary and the men of the Patron Division contributed their time and money to the rehabilitation and comfort of these patients - - which cannot be shown in dollars and cents. The money we have raised has been a rather hard and tedious task as the public does not seem to grasp the idea of contributing toward the equipping and welfare of a City or County operated hospital facility.

October 29, 1956

Mr. Henry Kriegel, City Treasurer
City of Houston
Houston, Texas

We have secured books, toilet articles, bed clothes, personal clothing, stoves, air-conditioning units and dozens of other items for the welfare and comfort of these unfortunate people and we will continue to do these things; but we feel that the City of Houston should and will help us round out our equipment program with this small matching sum of $7,500.

Our Committee wants to thank you for the consideration and time given us in this matter and we sincerely pray that Council will approve this request.

Sincerely,

John L. Andrew, Treasurer
Men's Patron Division
Elva Wright Auxiliary

Mrs. J. J. Truitt
2203 Brentwood
Houston, Texas

Dear Mrs. Truitt:

I will be unable to be present at the Board Meeting of the Elva A. Wright Auxiliary on November 14, 1956, as I will be in Washington, D.C. attending the Southern Medical Association.

We plan to leave on Saturday, November 10th, and will be gone for that week, attending this medical meeting.

Yours sincerely,

Mrs. John Roberts Phillips, R.N.

October 31, 1956

Mrs. W. R. Flocks
344 Terrace Drive
Houston, Texas

Dear Mrs. Flocks:

I am glad we have a mind reader in our organization who will pinch-hit for me when I am not present.

I am awfully sorry that I missed the board meeting, but we had an emergency surgery on that day, at 11:00 a.m. and it took longer than we had anticipated. As you know, I always help Dr. Phillips in surgery.

Mrs. Sterling Stanford told me that she read my letter and explained the reason that I was not present which I appreciate very much. I regret having missed it, because "Miss Betty" said it was a lovely board meeting, and a very interesting one.

Yours sincerely,

Mrs. John Roberts Phillips, R. N.

JRP:fl
cc: Mrs. Sterling Stanford.
Mrs. Wm. Perl.

TRUST INDENTURE

THE STATE OF TEXAS }
COUNTY OF HARRIS }

THIS TRUST INDENTURE, made this 18th day of November, 1955, by and between Una T. Truitt, a widow, of Houston, Harris County, Texas, hereinafter referred to as "Trustor", and The Second National Bank of Houston, a banking corporation organized under the laws of the United States of America and doing business in Houston, Harris County, Texas, hereinafter referred to as "Trustee",

W I T N E S S E T H:

ARTICLE I.

Trustor, by these presents, does hereby irrevocably pay over, transfer, assign and deliver unto the Trustee a certain sum of money which, together with other property that hereafter may be added to the Trust Estate created hereby, shall be held and administered by the Trustee, and its successors, IN TRUST for the use and benefit of the beneficiary hereinafter named in accordance with the terms and provisions hereinafter contained.

ARTICLE II.

The name of this Trust shall be the JAMES J. AND UNA T. TRUITT MEDICAL EDUCATIONAL TRUST. Whenever in this Indenture the words "Trust" or "Trust Estate" are used, the same refer to and mean the said James J. and Una T. Truitt Medical Educational Trust; and whenever in this Indenture the word "Trustee" is used, the same refers to and means The Second National Bank of Houston and/or its successors in trust.

ARTICLE III.

After paying therefrom all reasonable and necessary expenses and charges incident to said Trust Estate, including the compensation due and payable to the Trustee, as provided by this

Indenture, the Trustee shall distribute and deliver semi-annually the net income derived from the Trust Estate to The University of Texas Postgraduate School of Medicine, whose address is Texas Medical Center, Houston 25, Texas.

The Trustee shall not be required to see to the application of such distributions made to The University of Texas Postgraduate School of Medicine, and the Trustee shall have no responsibility whatsoever for the expenditure made by such beneficiary.

All monies received by The University of Texas Postgraduate School of Medicine from the Trustee hereunder shall be used for such educational purposes as may be determined from time to time by the Dean of The University of Texas Postgraduate School of Medicine in his sole and uncontrolled discretion. Without placing any limitation upon the discretion of the Dean of The University of Texas Postgraduate School of Medicine, if he shall so elect he may use the monies received from the Trustee hereunder to establish the James J. and Una T. Truitt Endowed Chair of The University of Texas Postgraduate School of Medicine, which said Chair may sponsor the study of Cardiology.

ARTICLE IV.

It is understood that Trustor, or others, may, from time to time, by inter vivos transfers or by will, convey, deliver, devise or bequeath additional property of any kind or character to the Trust Estate created hereby to be held under the terms, provisions and conditions of this Indenture. The Trustee or any successor Trustee may receive any other property, real or personal, granted, conveyed or assigned or made payable to Trustee by Trustor, or any other person, for the purposes of the Trust hereby created, and all such property shall be held by the Trustee subject to the terms, provisions and conditions of this Indenture.

ARTICLE V.

The Trustee shall hold and administer the Trust Estate herein established upon the following terms and conditions, and with the following rights, powers and duties, to-wit:

(1) Except as otherwise herein expressly provided, the administration of the Trust Estate, and the rights, powers, duties and liabilities of Trustee shall be in accordance with and governed by the terms and provisions of the Texas Trust Act (also including in such term the provisions of the Uniform Common Trust Fund Act) as the same reads at the date hereof.

(2) The Trustee is authorized and empowered to hold and possess, and to manage, invest, and reinvest and keep invested all and every part of the Trust Estate which comes into its possession, in such manner, in such securities or other property, real or personal, including, without limitation, common and preferred stocks, and upon such terms and conditions and for such length of time as to the Trustee shall seem meet and proper, it being intended hereby to give the Trustee full and complete authority to hold and possess, and to manage, invest and reinvest and keep invested the whole and every part of the Trust Estate, according to its sound judgment and discretion, without any limitation upon its power and authority to do so, either by statute or otherwise.

(3) The Trustee is authorized and empowered to retain any and all property, bonds, notes, stocks (whether common or preferred), and other securities which are delivered to it as part of the Trust Estate hereby created, without being required or obligated in any way to convert the same into any investment authorized hereunder, and as to all such investments so continued or retained, the Trustee shall in no event be liable or responsible for any loss.

(4) The Trustee is hereby given full power and authority, according to its sound judgment and discretion, and without any limitation whatsoever upon its power and authority so to do, either by statute or otherwise, to purchase, grant, sell, convey, lease, mortgage, mortgage by deed of trust, exchange, contract with respect to, grant options with respect to, pledge or otherwise deal with and enter into transactions pertaining to all and every part of the Trust Estate, specifically including full power and authority in the Trustee to sell, convey and/or lease, and otherwise deal with any oil, gas and/or other minerals and mineral rights and royalties which may be or become a part of the Trust Estate, all upon such terms and conditions and for such prices and considerations, payable in such manner, as the Trustee shall determine, and to

this end to execute and deliver such deeds, contracts or other instruments necessary or proper to carry out and conclude any such transactions, containing such covenants of general or special warranty binding the Trust Estate, and such other covenants, obligations, terms and conditions as it shall determine, and the Trustee is authorized to vote all shares of stock comprising a part of the Trust Estate through its officers or by proxy or proxies appointed by it at all stockholders meetings and to consent to and join in any dissolution, reorganization, merger or consolidation and subscribe for, exchange and/or surrender any share of stock held by it and generally to exercise all rights, privileges and powers inuring to it as a stockholder in any corporation the shares of stock of which are held by it hereunder. Without in any manner limiting the generality of the foregoing, the Trustee is expressly authorized to pay taxes and all reasonable and necessary expenses incurred in the administration of the Trust Estate, and to compound, compromise, abandon or adjust, by arbitration or otherwise, any action, suit, proceeding, dispute, claim or demand, relating to the Trust Estate, and to make adjustments, compromises and settlements in respect thereto, and to pay or satisfy any debt or claim against or in favor of the Trust Estate upon any evidence in its opinion sufficient; to renew, rearrange and extend any debts owing to or by the Trust Estate and the liens securing the same, if any; and to collect, receive, and receipt for all monies, properties and securities due or belonging to the Trust Estate.

(5) Whenever it becomes necessary to determine whether or not funds, including stock dividends, coming into the hands of the Trustee, are capital or income, or whenever it may be necessary to apportion blended funds, the Trustee is authorized to make such determination or apportionment, and such determination and/or apportionment shall be binding on the beneficiary hereunder, irrespective of any rules of law for the apportionment of income and capital. The Trustee is further authorized to determine the apportionment of charges between income and capital, and such determination shall be binding on the beneficiary hereunder, notwithstanding any rule of law to the contrary.

(6) The Trustee is authorized and empowered before making any other payments provided for under this agreement, to deduct all necessary and reasonable expenses incident to the administration of the Trust Estate, including any Court costs incurred and attorneys fees incurred for legal advice or action; provided, however, that no deduction shall be made for the usual and ordinary expenses incurred for clerical work, bookkeeping and the ordinary services incident to keeping a record of the Trust Estate.

(7) The Trustee shall render to the beneficiary hereunder and the Trustor, during her lifetime, semi-annual statements of the receipts and disbursements of income and corpus.

(8) Acceptance by the Trustee of any asset or property in this Trust shall be without liability or responsibility for the condition of the asset or property and without liability or responsibility for the validity of titles thereto. No bond shall be required of the Trustee hereunder, and the Trustee shall not be liable upon account of anything done or omitted to be done by it as such Trustee, save only for its own willful misfeasance or malfeasance.

(9) No change of name of The Second National Bank of Houston as the Trustee herein appointed, nor any merger or consolidation of its corporate powers with another national bank, or with a trust company, or with a state bank, nor its conversion to a trust company or state bank, shall affect the appointment herein made, but the said Trustee, under whatever name it may be known, and under whatever charter it may hereafter exist, its successors and assigns, shall be and remain the Trustee hereunder and execute the duties of such Trustee.

(10) For its services as Trustee hereunder, the Trustee shall receive and may retain fair and reasonable compensation, not to exceed the customary and prevailing charges for trust services of a similar nature in the City of Houston, Texas, at the time such services are performed, together with all necessary and reasonable expenses incurred in connection with its duties as such Trustee. In no event shall such compensation be less than $100.00 annually.

ARTICLE VI.

The term of this Trust shall be perpetual. This Trust is irrevocable, and is not subject to being altered, amended, revoked, set aside, or in any manner countermanded by Trustor.

ARTICLE VII.

The Trust herein created is a Texas Trust, and shall in all respects be governed by the laws of the State of Texas.

ARTICLE VIII.

The Trustee may resign and cease to act further as Trustee hereunder at any time, with or without cause, by depositing in the United States mail not less than sixty (60) days before the effective date of its resignation, a written notice to that effect addressed to The University of Texas Postgraduate School of Medicine at the address above given.

6

In the event of the resignation of the Trustee or in the event of its dissolution, except in the consummation of any merger, consolidation or conversion as hereinbefore specified, or should it for any other reason become disqualified to act as Trustee hereunder, any one of the United States District Judges for the Southern District of Texas, acting as an individual and not in his judicial capacity, shall designate as Successor Trustee hereunder some national bank, state bank, or trust company domiciled in the City of Houston, Texas, qualified to act as such and having an authorized capital stock and surplus aggregating at least One Million Dollars. Upon the appointment of, and acceptance by, any Successor Trustee, it shall, without further act or conveyance, be and become vested with all rights, title and interest in and to the assets and properties of the Trust Estate and shall succeed to, enjoy and exercise all the rights, duties, privileges, powers and obligations of the Trustee hereunder with like force and effect as if such Successor Trustee had been named and designated as the original Trustee herein.

EXECUTED by Trustor and Trustee as of the day and year first above written.
